Addendum No. 6:
Addendum No.: 7
Issued (Date): August 5, 2026

TO BIDDER: This Addendum is an integral part of the IFB package under consideration by you as a Bidder in connection with the subject matter herein identified. Drainage District No. 6 deems all sealed bids to have been proffered in recognition and consideration of the entire IFB package – including all addenda. For purposes of clarification, receipt of this present Addendum by a Bidder should be evidenced by returning it (signed) as part of the Bidder's sealed bid. If the Bid has already been received by the Jefferson County Drainage District No 6 Purchasing Department, Bidder should return this addendum in a separate sealed envelope, clearly marked with the IFB Name, IFB Number, and Opening Date and Time, as stated above.

Reason for Issuance of this addendum: Clarification.

1. The proposed Jack & Bore extends past the roadway to allow the roadway to remain open. Temporary closure of the road will have to be approved by the Port of Beaumont, but will be limited to as short a time as possible and not longer than one hour. If the Lay Down Area as shown on the attached exhibit is not sufficient to construct the outfall from land, then the contractor shall bring in barges to construct the outfall from the water. Barges will have to be secured next to the shore line adjacent to the proposed outfall.
2. The compacted select material called out on plan sheets 115-125 may replace the cement stabilized backfill called out around the Precast Manhole details on Plan Sheet 189 and around the Pipe Culvert details on Plan Sheet 192 within the limits of the box culvert trench backfill.

All addendums will be posted on the DD6 website:

The information included herein is hereby incorporated into the documents of this present Bid matter and supersedes any conflicting documents or portion thereof previously issued.

Receipt of this Addendum is hereby acknowledged by the undersigned Bidder:
